

HUD Minnesota Affordable Housing Guide

For federally subsidized housing, the amount and type of assistance may vary but the majority of properties have Project-Based Section 8 subsidy, where the tenant pays 30% of their adjusted gross monthly income for rent. The difference between the amounts paid by the resident and the rent charged by the owner is paid by the Department of Housing and Urban Development (HUD). Although HUD provides the funding, the responsibility for operating the program rests with the site manager. After selecting a building(s) from the list, please contact the on-site manager from the phone number(s) provided. They can answer questions regarding your eligibility and the availability of units, as each site maintains its own waiting list and takes your application. The list shows the number of units in the building as well as the population they are designated to serve.

Rent: Generally, a HUD affordable housing tenant pays 10 percent of gross income or 30 percent of adjusted income, **WHICHEVER IS HIGHER**, but not less than \$25, for rent including utilities. HUD pays the difference between the tenant's share and the regular rental to the owner as housing assistance. If utilities are designated to be paid by the resident, a utility allowance is subtracted in determining the actual rent paid to the project. Utilities are then paid by the tenant directly to the utility company as billed.

Waiting Lists: A Public Housing Authority (PHA) is responsible for establishing an application and selection process that treats applicants fairly and consistently and provides an effective method for determining eligibility. The design of these processes must result in consistent determinations as to which applicants should be placed on the waiting list, issued a voucher, or determined ineligible to participate in the program and comply with HUD rules on non-discrimination. Conducting outreach, as needed, and maintaining an up-to-date waiting list is an important PHA responsibility.

U.S. Department of Housing and Urban Development- Veterans Affairs Supportive Housing (HUD-VASH) Program

HUD-VASH is a collaborative program between HUD and VA combines HUD housing vouchers with VA supportive services to help Veterans who are homeless and their families find and sustain permanent housing.

Through public housing authorities, HUD provides rental assistance vouchers for privately owned housing to Veterans who are eligible for VA health care services and are experiencing homelessness. VA case managers may connect these Veterans with support services such as health care, mental health treatment and substance use counseling to help them in their recovery process and with their ability to maintain housing in the community.

How does a veteran get a VASH Voucher?

For veterans that live in or near Minneapolis, they should apply at the **Community Resource and Referral Center** (<https://www.minneapolis.va.gov/services/CRRC.asp>) by calling **612-313-3240** or visit in person at 1201 Harmon Place, Minneapolis, MN 55403.

Veterans in other areas may apply by connecting with their County Veterans Service Officer. Below are Twin Cities locations.

Minnesota Homeless Veteran Registry

To help Veterans experiencing homelessness access stable housing, Minnesota Department of Veterans Affairs created the **Minnesota Homeless Veteran Registry**:
(<https://mn.gov/mdva/resources/homelessnessandprevention/homelessveteranregistry.jsp>).

The Registry connects Veterans experiencing homelessness with housing and services in their community. It also helps programs serving Veterans to coordinate their efforts. Participation is voluntary for Veterans. Anyone can refer a Veteran to join.

For more information and to access referral forms, please see the Minnesota Homeless Veteran Registry page:

FREQUENTLY ASKED QUESTIONS

HOW DO I QUALIFY FOR HUD AFFORDABLE RENTAL HOUSING?

Property agents accept applications if the applicant can pay the rent and meet other requirements e.g. have a reasonable credit history, as listed in their tenant selection policy which is available upon request to any applicant.

HUD does NOT manage this housing, nor does it take applications for housing.

Apartments may have a rent subsidy to keep rents lower; the property agent can tell you if there is one. Apartments with rent subsidy have additional requirements.

If the correct size unit is available, applicant(s) must:

- (1) have an income at or below the maximum established income limit for the area;
- (2) document income information; and,
- (3) agree to pay the established rent.

WHAT IF THERE ARE NO VACANCIES IN THE APARTMENT I NEED?

Ask the property agent to put your name on the waiting list. There may be additional priorities; please inquire from the property agent if you think you may qualify for a priority. The property agent should have the priorities in writing for you to read.

WHAT IF MY LANDLORD DOES NOT ALLOW MY PET?

Reasonable Accommodation is when a disabled renter asks the property manager to make a change to the home or policies that allows them equal opportunity to enjoy their home. The Fair Housing Act makes it illegal for a landlord or property manager to deny a Reasonable Accommodation. However, figuring out what is *reasonable* and what is not can create conflict. Here are some examples:

Examples of Reasonable Accommodations

- Using a service animal or companion animal at a property where pets are not allowed
- Installing a grab bar in the bathroom for someone with mobility impairments
- Getting a reserved parking space closer to the door for someone with mobility impairments

What is considered unreasonable?

An accommodation is considered unreasonable if it creates an undue financial or administrative burden on the housing provider, or if it requires a fundamental alteration in the nature of its operations.

What is the correct way to ask a landlord for a Reasonable Accommodation?

A renter simply has to ask! The request for a reasonable accommodation does NOT have to be in writing. The landlord can request verification (like a doctor's note) that the renter is disabled and needs to accommodation to enjoy their home or community. However, the property manager is NOT allowed to ask about the nature, extent, or severity of the renter's disability.

What if the landlord does not respond to the request or denies a request that is reasonable?

If the property manager does not respond to the reasonable accommodation request in a reasonable amount of time, the delay could be considered as a failure to provide a reasonable accommodation. If a reasonable accommodation (that actually is reasonable) is denied, a renter can file a fair housing complaint by calling 1-800-765-9372

TENANT RIGHTS, LAWS, AND PROTECTIONS: MINNESOTA

Office of the Minnesota Attorney General - The office's website contains a section on consumer protection information homepage. The section entitled **Housing** contains information on landlord/tenant law, predatory lending, private mortgage insurance and buying and selling a home. Website: <http://www.ag.state.mn.us/consumer/housing/lt/default.asp>

Landlord and Tenants Rights and Responsibilities Handbook: The rights and duties of landlords and tenants in Minnesota are spelled out in federal law, state statutes, local ordinances, safety and housing codes, common law, contract law, and a number of court decisions. These responsibilities can vary from place to place around the state. Website: <http://www.ag.state.mn.us/Consumer/Handbooks/LT/default.asp>

Certain rights and duties apply to landlords and tenants everywhere in Minnesota. This handbook attempts to explain those rights. This booklet should not be considered legal advice to use in resolving specific landlord-tenant problems or questions. It is a summary of the laws that govern the landlord-tenant relationship. References to statutes and case law examples appear at the back of the brochure. When references are provided, they are signaled or noted by a number at the end of the sentence. If a cite does not appear, the information is likely derived from common law or case law. Tenants in federal housing and other forms of subsidized housing have additional rights under federal law not covered in this handbook. Those tenants should check their leases for information.

Minn. Statute § 504B.181, subd. 2(b) requires landlords to notify residential tenants that this handbook is available to them.

Know your responsibilities as a tenant. Read your lease agreement carefully!

Housing Choice Vouchers Fact Sheet

What are housing choice vouchers?

The housing choice voucher program is the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual, participants are able to find their own housing, including single-family homes, townhouses and apartments.

The participant is free to choose any housing that meets the requirements of the program and is not limited to units located in subsidized housing projects.

Housing choice vouchers are administered locally by public housing agencies (PHAs). The PHAs receive federal funds from the U.S. Department of Housing and Urban Development (HUD) to administer the voucher program.

A family that is issued a housing voucher is responsible for finding a suitable housing unit of the family's choice where the owner agrees to rent under the program. This unit may include the family's present residence. Rental units must meet minimum standards of health and safety, as determined by the PHA.

A housing subsidy is paid to the landlord directly by the PHA on behalf of the participating family. The family then pays the difference between the actual rent charged by the landlord and the amount subsidized by the program. Under certain circumstances, if authorized by the PHA, a family may use its voucher to purchase a modest home.

Am I eligible?

Eligibility for a housing voucher is determined by the PHA based on the total annual gross income and family size and is limited to US citizens and specified categories of non-citizens who have eligible immigration status. In general, the family's income may not exceed 50% of the median income for the county or metropolitan area in which the family chooses to live. By law, a PHA must provide 75 percent of its voucher to applicants whose incomes do not exceed 30 percent of the area median income. Median income levels are published by HUD and vary by location. The PHA serving your community can provide you with the income limits for your area and family size.

During the application process, the PHA will collect information on family income, assets, and family composition. The PHA will verify this information with other local agencies, your employer and bank, and will use the information to determine program eligibility and the amount of the housing assistance payment.

If the PHA determines that your family is eligible, the PHA will put your name on a waiting list, unless it is able to assist you immediately. Once your name is reached on the waiting list, the PHA will contact you and issue to you a housing voucher.

How do I apply?

If you are interested in applying for a voucher, contact the **local PHA**. For further assistance, please contact the **HUD Office** nearest to you.

Local preferences and waiting list - what are they and how do they affect me?

Since the demand for housing assistance often exceeds the limited resources available to HUD and the local housing agencies, long waiting periods are common. In fact, a PHA may close its waiting list when it has more families on the list than can be assisted in the near future.

PHAs may establish local preferences for selecting applicants from its waiting list. For example, PHAs may give a preference to a family who is (1) homeless or living in substandard housing, (2) paying more than 50% of its income for rent, or (3) involuntarily displaced. Families who qualify for any such local preferences move ahead of other families on the list who do not qualify for any preference. Each PHA has the discretion to establish local preferences to reflect the housing needs and priorities of its particular community.

Housing vouchers - how do they function?

The housing choice voucher program places the choice of housing in the hands of the individual family. A very low-income family is selected by the PHA to participate is encouraged to consider several housing choices to secure the best housing for the family needs. A housing voucher holder is advised of the unit size for which it is eligible based on family size and composition.

The housing unit selected by the family must meet an acceptable level of health and safety before the PHA can approve the unit. When the voucher holder finds a unit that it wishes to occupy and reaches an agreement with the landlord over the lease terms, the PHA must inspect the dwelling and determine that the rent requested is reasonable.

The PHA determines a payment standard that is the amount generally needed to rent a moderately-priced dwelling unit in the local housing market and that is used to calculate the amount of housing assistance a family will receive. However the payment standard does not limit and does not affect the amount of rent a landlord may charge or the family may pay. A family which receives a housing voucher can select a unit with a rent that is below or above the payment standard. The housing voucher family must pay 30% of its monthly adjusted gross income for rent and utilities, and if the unit rent is greater than the payment standard the family is required to pay the additional amount. By law, whenever a family moves to a new unit where the rent exceeds the payment standard, the family may not pay more than 40 percent of its adjusted monthly income for rent.

The rent subsidy

The PHA calculates the maximum amount of housing assistance allowable. The maximum housing assistance is generally the lesser of the payment standard minus 30% of the family's monthly adjusted income or the gross rent for the unit minus 30% of monthly adjusted income

Can I move and continue to receive housing choice voucher assistance?

A family's housing needs change over time with changes in family size, job locations, and for other reasons. The housing choice voucher program is designed to allow families to move without the loss of housing assistance. Moves are permissible as long as the family notifies the PHA ahead of time, terminates its existing lease within the lease provisions, and finds acceptable alternate housing.

Under the voucher program, new voucher-holders may choose a unit anywhere in the United States if the family lived in the jurisdiction of the PHA issuing the voucher when the family applied for assistance. Those new voucher-holders not living in the jurisdiction of the PHA at the time the family applied for housing assistance must initially lease a unit within that jurisdiction for the first twelve months of assistance. A family that wishes to move to another PHA's jurisdiction must consult with the PHA that currently administers its housing assistance to verify the procedures for moving.

Roles - the tenant, the landlord, the housing agency and HUD

Once a PHA approves an eligible family's housing unit, the family and the landlord sign a lease and, at the same time, the landlord and the PHA sign a housing assistance payments contract that runs for the same term as the lease. This means that everyone -- tenant, landlord and PHA -- has obligations and responsibilities under the voucher program.

Tenant's Obligations: When a family selects a housing unit, and the PHA approves the unit and lease, the family signs a lease with the landlord for at least one year. The tenant may be required to pay a security deposit to the landlord. After the first year the landlord may initiate a new lease or allow the family to remain in the unit on a month-to-month lease.

When the family is settled in a new home, the family is expected to comply with the lease and the program requirements, pay its share of rent on time, maintain the unit in good condition and notify the PHA of any changes in income or family composition.

Landlord's Obligations: The role of the landlord in the voucher program is to provide decent, safe, and sanitary housing to a tenant at a reasonable rent. The dwelling unit must pass the program's housing quality standards and be maintained up to those standards as long as the owner receives housing assistance payments. In addition, the landlord is expected to provide the services agreed to as part of the lease signed with the tenant and the contract signed with the PHA.

Housing Authority's Obligations: The PHA administers the voucher program locally. The PHA provides a family with the housing assistance that enables the family to seek out suitable housing and the PHA enters into a contract with the landlord to provide housing assistance payments on behalf of the family. If the landlord fails to meet the owner's obligations under the lease, the PHA has the right to terminate assistance payments. The PHA must reexamine the family's income and composition at least annually and must inspect each unit at least annually to ensure that it meets minimum housing quality standards.

HUD's Role: To cover the cost of the program, HUD provides funds to allow PHAs to make housing assistance payments on behalf of the families. HUD also pays the PHA a fee for the costs of administering the program. When additional funds become available to assist new families, HUD invites PHAs to submit applications for funds for additional housing vouchers. Applications are then reviewed and funds awarded to the selected PHAs on a competitive basis. HUD monitors PHA administration of the program to ensure program rules are properly followed.

Additional Information and other subsidy programs

For additional information about the voucher program, contact either the **local PHA** serving your community or the Office of Public Housing within your **local HUD office**. There may be a long wait for assistance under the housing voucher program. If the PHA also administers the public housing program, applicants for the housing choice voucher program may also ask to be placed on the waiting list for the public housing program. HUD also administers other subsidized programs and you may obtain a list of programs in your area from the Office of Housing at your local HUD office.

Housing**Link** 

FROM HOMELESS TO HOPEFUL

At YouthLink—and the Youth Opportunity Center—young people, ages 16-23, who are experiencing or are at risk of homelessness can find a supportive environment, safety from the streets, and resources to open doors towards stability and success. Every year, thousands of young people come to YouthLink to access our life-changing services, and start down a new pathway—a pathway towards futures of stability and independence.

The Youth Opportunity Center

The Youth Opportunity Center (YOC) offers young people in crisis the opportunities they deserve in life. The YOC hosts multiple partners and services in one site, allowing young people the ability to access much-needed services under one roof. The YOC model starts with the Welcome Center and then is organized around four centers of excellence: crisis intervention and basic needs, education and employment, health and wellness, and housing stability. The YOC was a key recommendation for the Heading Home Hennepin County initiative. Youth engagement, involvement and input continues to inform the Youth Opportunity Center.

The Welcome Center

The Welcome Center is purposely designed as a positive, defining point of welcome and navigation for young people in crisis, including those experiencing homelessness. The Welcome Center team is trained and ready to greet young people warmly, answer questions promptly and with accuracy, navigate youth to services, and—most importantly—to let them experience safety. The Welcome Center is a youth-friendly environment where young people in crisis are welcomed with respect, openness and acceptance.

Basic Needs

Within the YOC, core basic needs services are offered in the Drop-In Center. These services provide a safe space for young people in crisis to spend time, and connect with needed resources. Opportunities for youth to engage in building healthy, trusting relationships with staff are built into every service provided. Youth have access to case management, support groups, hot meals, activities, showers, laundry facilities, creative arts, clean clothing, and hygiene supplies; and child care is available to young parents. The Drop-In Center is a comfortable, safe, and welcoming place for young people experiencing homelessness.

FROM HOMELESS TO HOPEFUL

Health and Wellness

Youth experiencing homelessness have chronic stress. They constantly have to worry about where to sleep at night, how to get from place to place, and how to stay involved with school or work while, at the same time, moving from location to location. The YOC provides services that deal with the physical, emotional, and chemical health of young people. Mental health services are tailored to the individual needs of the young people served. Youth with physical health concerns can receive care from nurse practitioners in the clinic. Onsite dental health services and services for young people dealing with HIV/AIDS are available.

Education and Employment

Young people coming to the YOC bring multiple barriers to achievement of education and employment. Constantly moving, a lack of access to basic necessities, no transportation, living in overcrowded conditions, a lack of private places to do homework, and unsafe places to get enough sleep are some of the existing barriers. The YOC offers GED preparation programs along with school case management. The focus of this case management is often on housing, but also includes employment, career development, post-secondary planning, vital document fulfillment, and connections to counseling and other appropriate resources.

Housing Stability

The YOC provides access to housing stability. These include site-based programs: Nicollet Square, Archdale, and St. Barnabas, and scattered-site housing. Housing stability includes case management and services to help youth learn skills they need to live independently. YouthLink also provides eviction prevention education and affordable housing assistance. Intentional planning to help young people transition into market-rate apartments when they complete the program is also provided. Youth in crisis are helped to navigate the shelter system to find emergency, short-term shelter, or other safe places to spend the night.

Housing Tips – Criminal Background

Having a criminal background, particularly a felony, makes a rental housing search difficult. However, you can do a few things to give yourself a better chance of finding a place to live without wasting a lot of money on application fees. Here they are:

1. Know who you are.

- a. What is your criminal background?
- b. What is your [monthly income](#)?
- c. What is your [credit score](#)?
- d. What is your [rental history](#)?

2. Get the landlord's rental criteria in writing.

- a. What past criminal activity do they decline?
- b. How much income do they require?
- c. What credit scores will they accept?
- d. What are their rental history requirements?

3. What should you do if you don't meet the rental criteria?

- a. Briefly share what happened in your past (the criminal issue).
- b. Explain what you have done to improve your life or get over the issue.
- c. Ask the landlord to be flexible with their criteria.

4. Only apply for the apartment or pay an application fee if you meet all of the criteria.

Talk with the landlord to confirm he or she will accept your criminal background and any other issues like bad credit or rental history.
